New 5 yrs backstopping contracts with SDC's Global Programme Water!

We have just signed two contracts with SDC's GPW, after successfull bidding in the public tender:

- Thematic and methodological backstopping to the GPW of SDC;
- Facilitation of SDC's water network "RésEAU" and the Community of Practice AGUASAN.

We are looking forwards to continue our excellent cooperation with SDC GPW, jointly with our partners from Helvetas and Zoï Environment Network.
