

OBJECTIVES SYSTEM APASAN PHASE 2 (June 2011 – May 2015)

Project Goal: Contribute to improved quality of life and public health of the rural population in Moldova by increasing sustainable access to safe drinking water and environmental sanitation.

Phase Goal: The basic conditions for the sustained scaling-up of inclusive decentralized WES services delivery models in rural Moldova are met.

Outcome 1: *Sustainable service delivery models* - Proven inclusive decentralized WES service delivery models for rural communities are available for replication.

Outcome 2: *Adequate implementation capacity* - Enhanced capacities of the communities, local public administration, civil society and services providers for planning and implementing inclusive decentralized WES services delivery in target districts.

Outcome 3: *Enabling environment* - Legal, institutional, regulatory, normative, procedural and knowledge frameworks in the water sector conducive to an effective scaling-up of inclusive decentralized WES services delivery models.
