1. LEGAL STATUS:

The Contractor shall be considered as having the legal status of an independent contractor vis-à-vis the IWRM-K. The Contractor's personnel and sub-contractors shall not be considered in any respect as being the employees or agents of the IWRM-K. For the purposes of this agreement, the Contractor is defined as a business that agrees to conduct work for the IWRM-K as specified under the terms of a contract. The term "Contract" includes the general terms and conditions set forth in the body of this document (the "Terms and Conditions for Contracts Terms").

2. SOURCE OF INSTRUCTIONS:

The Contractor shall neither seek nor accept instructions from anyone else but the IWRM-K in connection to its services under this contract. The Contractor shall refrain from any action that may adversely affect the IWRM-K and shall fulfil its commitments with the fullest regard to the interests of the IWRM-K.

3. CONTRACTOR'S RESPONSIBILITY FOR EMPLOYEES:

The Contractor shall be responsible for the professional and technical competence of its employees and will select, for work under this Contract, reliable individuals who will perform effectively in the implementation of this Contract, respect the local customs, and conform to a high standard of moral and ethical conduct.

4. ASSIGNMENT:

The Contractor shall not assign, transfer, pledge or make other disposition of this Contract or any part thereof, or any of the Contractor's rights, claims, or obligations under this Contract except with the prior written consent of the IWRM-K.

5. SUB-CONTRACTING:

In the event, the Contractor requires the services of sub-contractors in the course of the implementation of the assignment (unless specified in the Proposal/Offer/Bid), the Contractor shall obtain the prior written approval and clearance of the IWRM-K for all sub-contractors. The approval of IWRM-K of a sub-contractor shall not relieve the Contractor of any of its obligations under this Contract. The terms of any sub-contract shall be subject to and conform to the provisions of this Contract.

6. OFFICIALS NOT TO BENEFIT:

The Contractor warrants that no official of IWRM-K has received or will be offered by the Contractor any direct or indirect benefit arising from this Contract or the award thereof. The Contractor agrees that breach of this provision is a breach of an essential term of this Contract.

7. INDEMNIFICATION:

The Contractor shall defend, indemnify and hold harmless, at its own expense, the IWRM-K, its officials, agents, servants, and employees from and against all third-party claims, suits, obligations, causes of action, demands, and all losses, damages, judgments, the liability of any nature or kind, including their costs and expenses, arising out of acts or omissions of the Contractor, or the Contractor's employees, officers, agents or sub-contractors, in the performance of this Con-

tract. This provision shall extend, inter alia, to claims and liability in the nature of workmen's compensation, products liability, and liability arising out of the use of patented inventions or devices, copyrighted material, or other intellectual property by the Contractor, its employees, officers, agents, servants or sub-contractors. The obligations under this Article do not lapse upon termination of this Contract.

8. INSURANCE AND LIABILITIES TO THIRD PARTIES:

The Contractor shall provide and thereafter maintain all appropriate workmen's compensation insurance, or the equivalent, with respect to its employees to cover claims for personal injury or death in connection with this Contract.

The Contractor shall also provide and thereafter maintain liability insurance in an adequate amount to cover third party claims for death or bodily injury, or loss of or damage to property, arising from or in connection with the provision of services under this Contract or the operation of any vehicles, boats, airplanes or other equipment owned or leased by the Contractor or its agents, servants, employees or sub-contractors performing work or services in connection with this Contract.

9. LIENS:

The Contractor shall not cause or permit any lien, attachment, or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with the IWRM-K against any monies due or to become due for any work done or materials furnished under this Contract, or by reason of any other claim or demand against the Contractor.

10. TITLE TO EQUIPMENT:

Title to any equipment and supplies that may be furnished by IWRM-K shall rest with IWRM-K and any such equipment shall be returned to IWRM-K at the conclusion of this Contract or when no longer needed by the Contractor. Such equipment, when returned to IWRM-K, shall be in the same condition as when delivered to the Contractor, subject to normal wear and tear. The Contractor shall be liable to compensate IWRM-K for equipment determined to be damaged or degraded beyond normal wear and tear.

11. COPYRIGHT, PATENTS, AND OTHER PROPRIETARY RIGHTS:

Except as is otherwise expressly provided in writing in the Contract, the IWRM-K shall be entitled to all intellectual property and other proprietary rights including, but not limited to, patents, copyrights, and trademarks, with regard to products, processes, inventions, ideas, know-how, or documents and other materials which the Contractor has developed for the IWRM-K under the Contract and which bear a direct relation to or are produced or prepared or collected in consequence of, or during the course of, the performance of the contract and the Contractor acknowledges and agrees that such products, documents, and other materials constitute works made for hire for the IWRM-K.

To the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Contractor: (i) that pre-existed the performance by the Contractor of its obligations under the Contract, or (ii) that the Contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, the IWRM-K does not and shall not claim any ownership interest thereto, and the Contractor grants to the IWRM-K a perpetual license to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract.

All maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents, and all other data compiled by or received by the Contractor under the Contract shall be the property of the IWRM-K, shall be made available for use or inspection by the IWRM-K at reasonable times and in reasonable places, shall be treated as confidential, and shall be delivered only to IWRM-K authorized officials on completion of work under the Contract.

12. USE OF NAME, EMBLEM OR OFFICIAL SEAL OF IWRM-K

The Contractor shall not in any manner whatsoever use the name, emblem, or official seal of the IWRM-K in connection with its business or otherwise unless expressly allowed in writing by authorized IWRM-K officials.

13. CONFIDENTIALITY:

Information and data that is considered proprietary by either Party and that are delivered or disclosed by one Party ("Discloser") to the other Party ("Recipient") during the course of performance of the Contract, and that is designated as confidential ("Information"), shall be held in confidence by that Party.

The recipient ("Recipient") of such information shall:

- a) use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser's Information as it uses with its own similar information that it does not wish to disclose, publish or disseminate; and,
- b) use the Discloser's Information solely for the purpose for which it was disclosed.

Provided that the Recipient has a written agreement with the following persons or entities requiring them to treat the Information confidential in accordance with the Contract, the Recipient may disclose Information to:

- a) any other party with the Discloser's prior written consent; and,
- b) the Recipient's employees, officials, representatives, and agents who have a need to know such information for purposes of performing obligations under the Contract, and employees, officials, representatives, and agents of any legal entity that it controls it, or with which it is under common control, who have a need to know such information for purposes of performing obligations under the Contract.

The Contractor may disclose Information to the extent required by law, provided that the Contractor will give the IWRM-K sufficient prior notice of a request for the disclosure of information in order to allow the IWRM-K to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made.

The IWRM-K may disclose Information to the extent as required by national law in Kosovo.

These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

14. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS

In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Contractor shall give notice and full particulars in writing to the IWRM-K, of such occurrence or change if the Contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under this Contract. The Contractor shall also notify the IWRM-K of any other changes in conditions or the occurrence of any event that interferes or threatens to interfere with its performance of this Contract. On receipt of the notice required under

this Article, the IWRM-K shall take such action as, in its sole discretion; it considers to be appropriate or necessary in the circumstances, including the granting to the Contractor of a reasonable extension of time in which to perform its obligations under this Contract.

If the Contractor is rendered permanently unable, wholly, or in part, by reason of force majeure to perform its obligations and meet its responsibilities under this Contract, the IWRM-K shall have the right to suspend or terminate this Contract on the same terms and conditions as are provided for in Article 15, "Termination", except that the period of notice shall be seven (7) days instead of thirty (30) days.

Force majeure means acts of God, war (whether declared or not), invasion, revolution, insurrection, or other acts of a similar nature or force.

15. TERMINATION

Either party may terminate this Contract for cause, in whole or in part, upon thirty (30) days' notice, in writing, to the other party.

IWRM-K reserves the right to terminate without cause this Contract at any time upon 15 days prior written notice to the Contractor, in which case the IWRM-K shall reimburse the Contractor for all reasonable costs incurred by the Contractor prior to receipt of the notice of termination.

In the event of any termination by the IWRM-K no payment shall be due from the IWRM-K to the Contractor except for work and services satisfactorily performed in conformity with the express terms of this Contract.

Should the Contractor be adjudged bankrupt, or be liquidated or become insolvent, or should the Contractor make an assignment for the benefit of its creditors, or should a Receiver be appointed on account of the insolvency of the Contractor, the IWRM-K may, without prejudice to any other right or remedy it may have under the terms of these conditions, terminate this Contract forthwith. The Contractor shall immediately inform the IWRM-K of the occurrence of any of the above events.

16. SETTLEMENT OF DISPUTES

The parties shall use their best efforts to settle amicably any dispute, controversy, or claim arising out of this Contract or the breach, termination, or invalidity thereof. This Contract shall be construed and interpreted and the legal relations created hereby shall be determined in accordance with the laws of the Republic of Kosovo. The parties' consent to the exclusive jurisdiction of, and agree that venue lies solely with, the state courts located in the Republic of Kosovo.

17. TAX EXEMPTION

IWRM-K is exempt from all direct taxes, except charges for public utility services, and is exempt from customs duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the IWRM-K's exemption from such taxes, duties, or charges, the Contractor shall immediately consult with the IWRM-K to determine a mutually acceptable procedure.

Accordingly, the Contractor authorizes the IWRM-K to deduct from the Contractor's invoice any amount representing such taxes, duties, or charges, unless the Contractor has consulted with the IWRM-K before the payment thereof and the IWRM-K has, in each instance, specifically authorized the Contractor to pay such taxes, duties or charges under protest. In that event, the Contractor shall provide the IWRM-K with written evidence that payment of such taxes, duties, or charges has been made and appropriately authorized.

18. OBSERVANCE OF THE LAW:

The Contractor shall comply with all laws, ordinances, rules, and regulations bearing upon the performance of its obligations under the terms of this Contract.

19. AUTHORITY TO MODIFY:

Only the IWRM-K Authorized Official possesses the authority to agree on behalf of the IWRM-K to any modification of or change in this Contract, to a waiver of any of its provisions, or any additional contractual relationship of any kind with the Contractor. Accordingly, no modification or change in this Contract shall be valid and enforceable against the IWRM-K unless provided by an amendment to this Contract signed by the Contractor and jointly by the IWRM-K.
